The CARES Warm Line is not an emergency service. In case of emergency, you should call 911, or the Georgia Crisis and Access line at **1-800-715-4225**.

Recovery is a deeply personal, unique, and self determined journey through which an individual strives to reach his/her full potential. Persons in recovery improve their health and wellness by taking responsibility in pursuing a fulfilling and contributing life while embracing the difficulties one has faced.

Recovery is not a gift from any system. Recovery is nurtured by relationships and environments that provide hope, empowerment, choices and opportunities.

Recovery belongs to the person. It is a right, and it is the responsibility of us all.
